25X1

8. Met with Miss Stephanie Takis, in the office of Senator Thomas Eagleton (D., Mo.), concerning a letter from the wife of a civilian employee in Vietnam who has been missing since 1968. The constituent was seeking assistance to secure official documentation for presumption of death so her children can receive Social Security benefits. I advised Miss Takis that we had no information concerning the missing husband and this was primarily a matter for State or possibly DOD (both were also sent copies of the constituent's letter). I assured her we would cooperate fully with State and DOD should they request our assistance. VNO and SAVA were advised and requested to notify Legislative Counsel should 25X1 any information concerning the constituent's husband be received.
